### CALLEGUAS PARK PLAYGROUND INSTALLATION PROJECT

The Pleasant Valley Recreation and Park District (“PVRPD”) will receive sealed bids for the Quito Park Playground Installation Project at the Pleasant Valley Recreation and Parks District office at 1605 E. Burnley St. Camarillo, Ca. 93010 no later than **October 17, 2024, at 10:00 a.m.**, at which time or thereafter bids will be opened and read aloud. Bids received after this time will be returned unopened. Bids shall be valid for ninety (90) calendar days after the bid opening date. Bids must be submitted on PVRPD’s Bid Forms.

The work consists of furnishing all labor, materials, tools, equipment (except for the Play Structure, District will procure and deliver), and incidentals as required by the plans, Specifications, and Contract Documents. Work includes demolition of existing play equipment, material hauling, minor grading, drainage, and installation of playground equipment including the purchase & installation of the Pour-in-Place (PIP) rubberized unitary safety surfacing and Engineered Wood Fiber (EFW).

The Project location is:

- Calleguas Creek Park- 675 Avenida Valencia, Camarillo, CA 93012

Engineer’s Estimate for the Project is \$100,00 - \$120,000

Bid and Contract Documents may be downloaded free of charge at <https://www.pvrpd.org/request-for-proposals-bids>.

Bids must be accompanied by a Bid Bond on the form included in the Contract Documents, cash, or a certified or cashier’s check in an amount not less than ten percent (10%) of the submitted Total Bid Price.

No Pre-Bid Conference and Site Walk will be provided; however, it is strongly recommended that bidders visit the site to review existing playground and site conditions. Prospective bidders may visit the site without making arrangements through the project manager.

The successful bidder will be required to furnish PVRPD with requisite insurance and Payment and Performance Bonds on the forms included in the contract documents equal to 100% of the Contract Price.

Pursuant to Public Contract Code Section 22300, the successful bidder may substitute certain securities for funds withheld by PVRPD to ensure its performance under the Contract.

## INSTRUCTIONS TO BIDDERS

Pursuant to Section 1770, et seq. of the California Labor Code, the Contractor and all subcontractors shall pay not less than the prevailing rate of per diem wages as determined by the Director of the California Department of Industrial Relations and comply with all applicable Labor Code provisions, which include, but are not limited to the employment of apprentices, the hours of labor and the debarment of contractors and subcontractors.

Pursuant to Labor Code sections 1725.5 and 1771.1, all contractors and subcontractors that wish to bid on, be listed in a bid proposal, or enter into a contract to perform public work must be registered with the Department of Industrial Relations. No bid will be accepted, nor any contract entered into without proof of the bidder's and subcontractors' current registration with the Department of Industrial Relations. Within five working days, the bidder shall submit a valid DIR number. Failure to do so will deem the bid non-responsive. This Project will be subject to compliance monitoring and enforcement by the Department of Industrial Relations. If awarded a Contract, the Bidder and its subcontractors of every tier shall maintain active registration with the Department of Industrial Relations for the duration of the Project. It shall be the Bidder's sole responsibility to evaluate and include the cost of complying with all labor compliance requirements.

Each bidder shall be a licensed contractor pursuant to the California Business and Professions Code and shall be licensed in the following classification(s) of contractor's license(s), throughout the duration of the Contract: Class A, or D-34.

The successful bidder will be required to complete all work within forty-five (45) calendar days, **no site work can commence until equipment order has been shipped**. In accordance with Government Code section 53069.85, PVRPD will be compensated for damages incurred due to delays for which the Contractor is responsible. The parties agree that determining PVRPD's exact delay damages is and will continue to be impracticable and extremely difficult. As such, for each calendar day in excess of the time agreed upon for completion of all the work, the Contractor shall pay to PVRPD \$850 per day as liquidated damages and not as a penalty or forfeiture. Such amount shall constitute the only payment allowed for damages resulting from Contractor caused delays. PVRPD shall have the right to deduct the amount of liquidated damages from any money due or that may become due under the Contract.

Award of Contract: PVRPD shall award the Contract for the Work to the lowest responsive, responsible bidder as determined from the BASE BID ALONE by PVRPD. PVRPD reserves the right to reject any or all bids or to waive any irregularities or informalities in any bids or in the bidding process.

## INSTRUCTIONS TO BIDDERS

### 1. AVAILABILITY OF CONTRACT DOCUMENTS

Bids must be submitted to PVRPD on the Bid Forms which are a part of the Bid Package for the Work. Contract Documents may be downloaded or obtained from PVRPD at the location(s) and at the time(s) indicated in the Notice Inviting Bids. Any charge for the Contract Documents is stated in the Notice Inviting Bids. If requested, PVRPD shall also make the Contract Documents available for review in electronic form at one or more plan rooms at no charge, as required by Public Contract Code section 20103.7.

In order to receive addenda, all bidders must attend the mandatory Pre-Bid Conference stated in the Notice Inviting Bids.

### 2. EXAMINATION OF CONTRACT DOCUMENTS

Bidders shall be solely responsible for examining the Site and the Contract Documents, including any addenda issued during the bidding period, and for informing themselves with respect to local labor availability, means of transportation, necessity for security, laws and codes, local permit requirements, wage scales, local tax structure, contractors' licensing requirements, availability of required insurance, and other factors that could affect the Work. Bidders are responsible for consulting the standards referenced in the Contract Documents. Failure of Bidder to so examine and inform itself shall be at its sole risk, and no relief for error or omission will be given except as required under State law.

### 3. INTERPRETATION OF CONTRACT DOCUMENTS

Discrepancies in, and/or omissions from the Plans, Specifications or other Contract Documents or questions as to their meaning shall be immediately brought to the attention of PVRPD by submission of a written request for an interpretation or correction to PVRPD. Such submission, if any, must be sent to the Project Manager by emailing to [mparker@PVRPD.org](mailto:mparker@PVRPD.org). All questions must be received October 16, 2024, and not later than 12:00 p.m. on that day.

Any interpretation of the Contract Documents will be made only by written addenda duly issued and delivered to each person or firm who has obtained a set of Contract Documents and has attended the mandatory Pre-Bid Conference. PVRPD will not be responsible for any explanations or interpretations provided in any other manner. No person is authorized to make any oral interpretation or modification of any provision in the Contract Documents to any bidder, and no bidder should rely on any such oral interpretation or modification.

## INSTRUCTIONS TO BIDDERS

Bids shall include complete compensation for all items that are noted in the Contract Documents as the responsibility of the Contractor.

**4. INSPECTION OF SITE; PRE-BID CONFERENCE AND SITE WALK**

Each prospective bidder is responsible for fully acquainting itself with the conditions of the Site (which may include more than one site as identified in the notice inviting bids), as well as those relating to the construction and labor of the Work, to fully understand the facilities, difficulties and restrictions which may impact the cost or effort required to complete the Work. A Pre-Bid Conference and Site Walk will be held on the date(s) and time(s) indicated in the Notice Inviting Bids.

Storm, surface, nuisance, or other waters may be encountered at various times during construction of the Project. Federal and State laws require PVRPD and its contractors to appropriately manage such waters. By submitting a Bid, each bidder acknowledges that it has investigated the risk arising from such waters, has prepared its Bid accordingly, and assumes any and all risks and liabilities arising therefrom, and shall comply with all permits, orders, and all other requirements imposed by law.

**5. ADDENDA**

PVRPD reserves the right to revise the Contract Documents prior to the bid opening date. Revisions, if any, shall be made by written addenda. All addenda issued by PVRPD shall be included in the bid and made part of the Contract Documents. Pursuant to Public Contract Code Section 4104.5, if PVRPD issues an Addendum which includes material changes to the Work less than 72 hours prior to the deadline for submission of bids, PVRPD will extend the deadline for submission of bids. PVRPD may determine, in its sole discretion, whether an Addendum warrants postponement of the bid submission date. Copies of addenda will only be furnished by e-mail to the e-mail addresses from the Pre-Bid Conference. Please Note: Bidders are responsible for ensuring that they have received any and all addenda. To this end, each bidder should contact the Project Manager, Matthew Parker to verify that he/she has received all addenda issued, if any, prior to the bid opening. Failure to acknowledge receipt of all addenda may result in bid rejection.

**6. ALTERNATE BIDS**

If alternate bid items are called for in the Contract Documents, the lowest bid will be determined on the basis of the base bid only unless otherwise specified in the Notice. The time required for completion of the alternate bid items has been factored into the Contract Time and no additional time will be allowed for performing any of the alternate bid items, unless specifically noted in the alternate bid item. PVRPD may elect to include one or more of the alternate bid items, or to otherwise remove certain Work from the scope of work. Accordingly, each Bidder

**INSTRUCTIONS TO BIDDERS**

must ensure that each bid item contains a proportionate share of profit, overhead and other costs or expenses which will be incurred by the Bidder.

**7. COMPLETION OF BID FORMS**

Bids shall only be prepared using copies of the Bid Forms which are included in the Contract Documents and are provided herein. The use of substitute bid forms other than clear and correct photocopies of those provided by PVRPD will not be permitted. In addition, Bidders shall fill in all blank spaces (including inserting "N/A" where applicable) and initial all interlineations, alterations, or erasures to the Bid Forms. Bidders shall neither delete, modify, or supplement the printed matter on the Bid Forms nor make substitutions thereon. **USE OF BLACK OR BLUE INK, INDELIBLE PENCIL OR A TYPEWRITER IS REQUIRED.** Deviations in the bid form may result in the bid being deemed non-responsive.

**8. MODIFICATIONS OF BIDS**

Each Bidder shall submit its Bid in strict conformity with the requirements of the Contract Documents. Unauthorized additions, modifications, revisions, conditions, limitations, exclusions or provisions attached to a Bid may render it non-responsive and may cause its rejection. Bidders shall neither delete, modify, or supplement the printed matter on the Bid Forms, nor make substitutions thereon. Oral, telephonic and electronic modifications will not be considered, unless the Notice Inviting Bids authorizes the submission of electronic bids and modifications thereto and such modifications are made in accordance with the Notice Inviting Bids.

**9. DESIGNATION OF SUBCONTRACTORS**

Pursuant to State law, the Bidders must designate the name and location of each subcontractor who will perform work or render services to the Bidder in an amount that exceeds one-half of one percent (1/2%) of the Bidder's Total Bid Price, as well as the portion of work each such subcontractor will perform on the form provided herein by PVRPD. No additional time will be provided to bidders to submit any of the requested information in the Designation of Subcontractor form.

**10. LICENSING REQUIREMENTS**

Pursuant to Section 7028.15 of the Business and Professions Code and Section 3300 of the Public Contract Code, all bidders must possess proper licenses for performance of this Contract. Subcontractors must possess the appropriate licenses for each specialty subcontracted. PVRPD has determined that bidders must have a Class A or D-34 license to be eligible for award of this Contract. Pursuant to Section 7028.5 of the Business and Professions Code, any bid submitted by a contractor not currently licensed in accordance with state law and pursuant to the requirements found in the Contract Documents shall be nonresponsive, and PVRPD shall reject the Bid. PVRPD shall have the right to

**INSTRUCTIONS TO BIDDERS**

Please also note that, pursuant to Public Contract Code Section 20676, sellers of "mined material" must be on an approved list of sellers published pursuant to Public Resources Code Section 2717(b) in order to supply mined material for this Contract.

**11. SIGNING OF BIDS**

All Bids submitted shall be executed by the Bidder or its authorized representative. Bidders may be asked to provide evidence in the form of an authenticated resolution of its Board of Directors or a Power of Attorney evidencing the capacity of the person signing the Bid to bind the Bidder to each Bid and to any Contract.

If a Bidder is a joint venture or partnership, it may be asked to submit an authenticated Power of Attorney executed by each joint venturer or partner appointing and designating one of the joint venturers or partners as a management sponsor to execute the Bid on behalf of Bidder. Only that joint venturer or partner shall execute the Bid. The Power of Attorney shall also: (1) authorize that particular joint venturer or partner to act for and bind Bidder in all matters relating to the Bid; and (2) provide that each venturer or partner shall be jointly and severally liable for any and all of the duties and obligations of Bidder assumed under the Bid and under any Contract arising therefrom. The Bid shall be executed by the designated joint venturer or partner on behalf of the joint venture or partnership in its legal name.

**12. BID SECURITY**

Each bid shall be accompanied by: (a) a bid bond, in the form attached, payable to PVRPD executed by the bidder as principal and surety as obligor; (b) a certified check made payable to PVRPD; (c) a cashier's check made payable to PVRPD; or

(d) cash, in an amount not less than 10% of the maximum amount of the bid. Personal sureties and unregistered surety companies are unacceptable. The surety insurer shall be admitted transacting surety business in the State of California, as defined in Code of Civil Procedure Section 995.120. The cash, check or bid bond shall be given as a guarantee that the bidder shall execute the Contract if it be awarded to the bidder, shall provide the required payment and performance bonds and insurance certificates and endorsements as within ten (10) calendar days after notification of the award of the Contract to the bidder. Failure to provide the required documents may result in forfeiture of the full penal sum of bidder's bid deposit or bond to PVRPD and PVRPD may award the Contract to the next lowest responsive, responsible bidder, or may call for new bids.

**13. SUBMISSION OF SEALED BIDS**

Once the Bid and supporting documents have been completed and signed as set forth herein, they shall be placed, along with the Bid Security and other required materials in an envelope, sealed, addressed and delivered or mailed, postage

**INSTRUCTIONS TO BIDDERS**

prepaid to PVRPD at the place and to the attention of the person indicated in the Notice Inviting Bids. No oral or telephonic bids will be considered. No forms transmitted via the internet, e-mail, facsimile or any other electronic means will be considered unless specifically authorized by PVRPD as stated in the Notice. The envelope shall also contain the following in the lower left-hand corner thereof:

**Bid of \_\_\_\_\_ (Bidder's Name)**  
**for the \_\_\_\_\_ (Project Name)**

Only where expressly permitted in the Notice Inviting Bids may Bidders submit their bids via electronic transmission pursuant to Public Contract Code Sections 1600 and 1601. The acceptable method(s) of electronic transmission shall be stated in the Notice Inviting Bids. PVRPD reserves the right to not accept electronically transmitted bids where not specifically authorized in the Notice Inviting Bids, and may reject any bid not strictly complying with PVRPD's designated methods for delivery.

**14. DELIVERY AND OPENING OF BIDS**

Bids will be received by PVRPD at the address shown in the Notice Inviting Bids up to the date and time shown therein. PVRPD will leave unopened any Bid received after the specified date and time, and any such unopened Bid will be returned to the Bidder. It is the Bidder's sole responsibility to ensure that its Bid is received as specified. Bids may be submitted earlier than the dates(s) and time(s) indicated.

Bids will be opened at the date and time stated in the Notice Inviting Bids, and the amount of each Bid will be read aloud and recorded. All Bidders may, if they desire, attend the opening of Bids. PVRPD may in its sole discretion, elect to postpone the opening of the submitted Bids. PVRPD reserves the right to reject any or all Bids and to waive any informality or irregularity in any Bid. In the event of a discrepancy between the written amount of the Bid Price and the numerical amount of the Bid Price, the written amount shall govern.

**15. WITHDRAWAL OF BID**

Prior to the original time set for bid opening, a Bid may be withdrawn by the Bidder only by means of a written request signed by the Bidder or its properly authorized representative. Any request to withdraw a bid after bid opening must be made in accordance with Public Contract Code section 5100 et seq. and must be submitted in writing within five (5) working days, excluding Saturdays, Sundays and State holidays, specifying in detail how the mistake was made.

**16. BASIS OF AWARD; BALANCED BIDS**

PVRPD shall award the Contract to the lowest, responsible Bidder that submits a responsive Bid. PVRPD may reject any Bid which, in its opinion when compared to other bids received or to PVRPD's internal estimates, does not accurately reflect the cost to perform the Work. PVRPD may reject as non-responsive any bid which

**INSTRUCTIONS TO BIDDERS**

unevenly weights or allocates costs, including but not limited to overhead and profit, to one or more particular bid items.

**17. DISQUALIFICATION OF BIDDERS; INTEREST IN MORE THAN ONE BID**

No bidder shall be allowed to make, submit or be interested in more than one bid. However, a person, firm, corporation or other entity that has submitted a proposal to a bidder, or that has quoted prices of materials to a bidder, is not thereby disqualified from submitting a proposal or quoting prices to other bidders submitting a bid to PVRPD, nor shall such entity be disqualified if it is listed as a subcontractor on more than one bid submitted. No person, firm, corporation, or other entity may submit a proposal to a bidder, or quote prices of materials to a bidder, when also submitting a prime bid for the Work.

**18. INSURANCE REQUIREMENTS**

The successful bidder shall procure and maintain insurance in the form and in the amount specified in the Contract Documents.

**19. AWARD PROCESS**

Once all Bids are opened and reviewed to determine the lowest responsive and responsible Bidder, PVRPD Board or designee may award the contract. The apparent successful Bidder should begin to prepare the following documents: (1) the Performance Bond; (2) the Payment (Labor and Materials) Bond; (3) the required insurance certificates and endorsements; and (4) an initial Critical Path Method schedule in accordance with Article 6 of the General Conditions. Once PVRPD notifies the Bidder of the award, the Bidder will have ten (10) calendar days from the date of the award to execute the Contract and supply PVRPD with an executed contract and all of the required bonds, evidence of insurance and other materials.

**20. BID PROTEST PROCEDURE**

Submitted bids will be timely made available for review upon written request of any Bidder. Any interested party may file a protest of a Bid in accordance with the following procedure:

- A. All protests must be filed in writing with the PVRPD Project Manager within two (2) business days of the date of the Bid Opening.
- B. All protests shall be in writing, state the grounds for the protest, state the facts relevant to the protest, and all evidentiary support to rebut adverse evidence that it or another bidder was either non-responsive or not responsible.
- C. PVRPD General Manager or designee shall review the protest and issue a written recommendation on the protest to the PVRPD Board. PVRPD General Manager or designee may base the recommendation on the written protest

**INSTRUCTIONS TO BIDDERS**

alone or may informally gather evidence. The PVRPD Board will issue a decision regarding the PVRPD General Manager's recommendation at the next available PVRPD Board meeting.

The procedure and time limits set forth in this paragraph are mandatory and are the sole and exclusive remedy in the event of a Bid protest. Failure to comply with these procedures shall constitute a waiver of any right to further pursue the bid protest, including filing a Government Code Claim or legal proceedings.

**21. WORKERS COMPENSATION**

Each bidder shall submit the Contractor's Certificate Regarding Workers' Compensation form.

**22. RETENTION AND SUBSTITUTION OF SECURITY**

The Contract Documents call for monthly progress payments based upon pick one: the percentage of the work completed. Unless otherwise specified in the Notice Inviting Bids, PVRPD will retain five percent (5%) of each progress payment as provided by the Contract Documents. At the request and expense of the successful Bidder, the Contractor may substitute securities for the amount so retained in accordance with Public Contract Code Section 22300.

**23. PREVAILING WAGES**

PVRPD has obtained from the Director of the Department of Industrial Relations the general prevailing rate of per diem wages in the locality in which this work is to be performed for each craft or type of worker needed to execute the Contract. These rates are on file and available at PVRPD Main Office or may be obtained online at <http://www.dir.ca.gov/dlsr>. Bidders are advised that a copy of these rates must be posted by the successful Bidder at the job site(s).

Pursuant to Labor Code sections 1725.5 and 1771.1, all contractors and subcontractors that wish to bid on, be listed in a bid proposal, or enter into a contract to perform public work must be registered with the Department of Industrial Relations. No bid will be accepted nor any contract entered into without proof of the Bidder's and its subcontractors' current registration with the Department of Industrial Relations. Bidder shall sign and submit with its Bid the Public Works Contractor Registration Certification, attesting to the facts contained therein. Failure to submit this Certification with the Bid may render the Bid non-responsive. Each Bidder shall provide the registration number for each listed subcontractor in the space provided in the Designation of Subcontractors Form.

In accordance with Labor Code section 1773.3, PVRPD will provide notice of the award to the Department of Industrial Relations on the Form PWC-100. The Bidder who is awarded the Contract shall submit to PVRPD any information requested by PVRPD to complete the form, including but not limited to identification of the worker classifications for the Bidder and all listed subcontractors, within 24 hours of the

**INSTRUCTIONS TO BIDDERS**

request. Failure or refusal to provide the requested information prior to execution of the Contract may result in forfeiture of the Bidder's Bid deposit or bond to PVRPD, and PVRPD may award the Contract to the next lowest responsive and responsible Bidder, or may call for new Bids.

**24. DEBARMENT OF CONTRACTORS AND SUBCONTRACTORS**

In accordance with the provisions of the Labor Code, contractors or subcontractors may not perform work on a public works project with a subcontractor who is ineligible to perform work on a public project pursuant to Section 1777.1 or Section 1777.7 of the Labor Code. Any contract on a public works project entered into between a contractor and a debarred subcontractor is void as a matter of law. A debarred subcontractor may not receive any public money for performing work as a subcontractor on a public works contract. Any public money that is paid to a debarred subcontractor by the Contractor shall be returned to PVRPD. The Contractor shall be responsible for the payment of wages to workers of a debarred subcontractor used on the Work.

**25. IRAN CONTRACTING ACT CERTIFICATION**

Each bidder shall submit the certification required by the Iran Contracting Act of 2010, Public Contract Code section 2200 *et seq.* included in the Bid Documents.

**26. PERFORMANCE BOND AND PAYMENT (LABOR AND MATERIALS) BOND REQUIREMENTS**

Within the time specified in the Contract Documents, the successful bidder shall deliver to PVRPD two identical counterparts of the Performance Bond and Payment (Labor and Materials) Bond to PVRPD (sample forms included in the Contract Documents). Failure to do so may, in the sole discretion of PVRPD, result in the forfeiture of the Bid Security. The surety supplying the bond must be an admitted surety insurer, as defined in Code of Civil Procedure Section 995.120, authorized to do business in the State of California and satisfactory to PVRPD. The Performance Bond and the Payment (Labor and Materials) Bond shall be for one hundred percent (100%) of the Total Bid Price.

**27. REQUEST FOR SUBSTITUTIONS**

The successful bidder shall comply with the substitution request procedures set forth in the Contract Documents. For requests for substitutions prior to the Bid Opening Date, the bidder shall submit a written request for an interpretation or correction to PVRPD. Such submission, if any, must be sent to the Project Manager by emailing to [mparker@PVRPD.org](mailto:mparker@PVRPD.org). All questions must be received October 16, 2024, and not later than 5:00 p.m. on that day.

**INSTRUCTIONS TO BIDDERS**

All permits, licenses and fees required by the agencies with authority in the jurisdiction in which the work will be located shall be paid for by PVRPD, unless otherwise expressly provided by the Contract Documents. Contractor shall be responsible for arranging the payment of such permits, licenses and fees, but shall be paid by PVRPD. Contractor may either request reimbursement from PVRPD for such fees or shall be responsible for arranging and coordination with PVRPD for the payment of such fees.

29. **EXECUTION OF CONTRACT**

As required herein the successful bidder shall execute the Contract included with the bid documents in the amount determined in accordance with the Contract Documents. PVRPD may require appropriate evidence that the persons executing the Contract are duly authorized to do so on the Contractor's behalf.

## SAMPLE PERFORMANCE BOND

KNOW ALL PERSONS BY THESE PRESENTS:

THAT WHEREAS, \_\_\_\_\_ (hereinafter referred to as "PVRPD") has awarded to \_\_\_\_\_, (hereinafter referred to as the "Contractor") a contract for \_\_\_\_\_ (hereinafter referred to as the "Project").

WHEREAS, the work to be performed by the Contractor is more particularly set forth in the Contract Documents for the Project dated \_\_\_\_\_, (hereinafter referred to as "Contract Documents"), the terms and conditions of which are expressly incorporated herein by reference; and

WHEREAS, the Contractor is required by the Contract Documents to perform the terms thereof and to furnish a bond for the faithful performance of the Contract Documents.

NOW, THEREFORE, we, \_\_\_\_\_, the undersigned Contractor and \_\_\_\_\_ as Surety, a corporation organized and duly authorized to transact business under the laws of the State of California, are held and firmly bound unto PVRPD in the sum of \_\_\_\_\_ DOLLARS, (\$ \_\_\_\_\_), the sum being not less than one hundred percent (100%) of the total amount of the Contract, for which amount well and truly to be made, we bind ourselves, our heirs, executors and administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH, that, if the Contractor, his or its heirs, executors, administrators, successors or assigns, shall in all things stand to and abide by, and well and truly keep and perform the covenants, conditions and agreements in the Contract Documents and any alteration thereof made as therein provided, on its part, to be kept and performed at the time and in the manner therein specified, and in all respects according to their intent and meaning; and shall faithfully fulfill all obligations including the one-year guarantee of all materials and workmanship; and shall indemnify and save harmless PVRPD, its officers and agents, as stipulated in the Contract Documents, then this obligation shall become null and void; otherwise it shall be and remain in full force and effect.

The obligations of Surety hereunder and those created by this performance bond shall continue so long as any obligation of Contractor remains. Nothing herein shall limit PVRPD's rights or the Contractor or Surety's obligations under the Contract, law or equity, including, but not limited to, California Code of Civil Procedure section 337.15.

Whenever Contractor shall be, and is declared by PVRPD to be, in default under the Contract Documents, the Surety shall remedy the default pursuant to the Contract Documents, or shall promptly, at PVRPD's option:

- (1) Take over and complete the Project in accordance with all terms and conditions in the Contract Documents; or

**SAMPLE PERFORMANCE BOND**

- (2) Obtain a bid or bids for completing the Project in accordance with all terms and conditions in the Contract Documents and upon determination by Surety of the lowest responsive and responsible bidder, arrange for a Contract between such bidder, the Surety and PVRPD, and make available as work progresses sufficient funds to pay the cost of completion of the Project, less the balance of the contract price, including other costs and damages for which Surety may be liable. The term “balance of the contract price” as used in this paragraph shall mean the total amount payable to Contractor by PVRPD under the Contract and any modification thereto, less any amount previously paid by PVRPD to the Contractor and any other set offs pursuant to the Contract Documents.
- (3) Permit PVRPD to complete the Project in any manner consistent with California law and make available as work progresses sufficient funds to pay the cost of completion of the Project, less the balance of the contract price, including other costs and damages for which Surety may be liable. The term “balance of the contract price” as used in this paragraph shall mean the total amount payable to Contractor by PVRPD under the Contract and any modification thereto, less any amount previously paid by PVRPD to the Contractor and any other set offs pursuant to the Contract Documents.

Surety expressly agrees that PVRPD may reject any contractor or subcontractor which may be proposed by Surety in fulfillment of its obligations in the event of default by the Contractor.

Surety shall not utilize Contractor in completing the Project nor shall Surety accept a bid from Contractor for completion of the Project if PVRPD, when declaring the Contractor in default, notifies Surety of PVRPD’s objection to Contractor’s further participation in the completion of the Project.

The Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Contract Documents or to the Project to be performed thereunder shall in any way affect its obligations on this bond, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the Contract Documents or to the Project.

As a part of the obligation secured hereby and in addition to the amount specified therefore, there shall be included costs and reasonable expenses and fees, including reasonable attorney's fees, incurred by PVRPD in successfully enforcing such obligations created by this performance bond, all to be taxed as costs and included in any judgment rendered.

Contractor shall maintain a complete, clean, undamaged set of Contract Documents at the Site.

### **ARTICLE 4. DETAIL DRAWINGS AND INSTRUCTIONS**

- a. **Examination of Contract Documents.** Before commencing any portion of the Work, Contractor shall again carefully examine all Contract Documents, the Site and other information given to Contractor as to materials and methods of construction and other Work requirements. Contractor shall immediately notify PVRPD of any potential error, inconsistency, ambiguity, conflict or lack of detail or explanation. If Contractor performs, permits, or causes the performance of any Work which is in error, inconsistent or ambiguous, or not sufficiently detailed or explained in the Contract Documents, Contractor shall bear any and all resulting costs, including, without limitation, the cost of correction. In no case shall the Contractor or any subcontractor proceed with Work if uncertain as to the applicable requirements.
- b. **Request for Information; Additional Instructions.** Contractor may make a written request for information from PVRPD to address any error, inconsistency, ambiguity, conflict or lack of detail or explanation in the Contract Documents. ### **GENERAL CONDITIONS**

## **ARTICLE 5. EXISTENCE OF UTILITIES AT THE SITE**

### **a. Existing Utilities**

1. The location of known existing utilities and pipelines are shown on the Plans in their approximate locations. However, nothing herein shall be deemed to require the Owner to indicate the presence of existing service laterals or appurtenances whenever the presence of such utilities on the site of the project can be inferred from the presence of other visible facilities, such as buildings, cleanouts, meter and junction boxes, on or adjacent to the site of the Project.
2. The Owner will assume the responsibility for the timely removal, relocation, or protection of existing main or trunk line utility facilities located on the Project site if such utilities are not identified by the Owner in the Contract Documents or which can reasonably be inferred from the presence of other visible facilities.

### **b. Utility Location**

1. It shall be the Contractor's responsibility to determine the exact location and depth of all utilities, including service connections, which have been marked by the respective utility owners and which the Contractor believes may affect or be affected by the Contractor's operations. The Contractor shall not be entitled to additional compensation nor time extensions for work necessary to avoid interferences nor for repair to damaged utilities if the Contractor does not expose all such existing utilities as required by this section.
2. The locating of utilities shall be in conformance with Government Code Section 4216 except for the Owner's utilities located on the Owner's property and not on public right-of-way.
3. A "High Priority Subsurface Installation" is defined in Government Code Section 4216 (e) as "high-pressure natural gas pipelines with normal operating pressures greater than 415kPA gauge (60psig) or greater than six inches nominal pipe diameter, petroleum pipelines, pressurized sewage pipelines, high-voltage electric supply lines, conductors, or cables that have a potential to ground of greater than or equal to 60kv, or hazardous materials pipelines that are potentially hazardous to workers or the public if damaged."
4. A "Subsurface Installation" is defined in Government Code Section 4216 (l) as "any underground pipeline, conduit, duct, wire, or other structure, except non-pressurized sewer lines, non-pressurized storm drains, or other non-pressurized drain lines."
5. Pursuant to Government Code Section 4216.2 the Contractor shall contact the appropriate regional notification center at least two (2) working days but not more than 14 calendar days before performing any excavation. The Contractor shall request that the utility owners conduct a utility survey and mark or otherwise indicate the location of their service. The Contractor shall furnish to

## **GENERAL CONDITIONS**

the Construction Manager written documentation of its contact(s) with the regional notification center prior to commencing excavation at such locations.

6. After the utility survey is completed, the Contractor shall commence “potholing” or hand digging to determine the actual location of the pipe, duct, or conduit. The Construction Manager shall be given notice prior to commencing potholing operations. The Contractor shall uncover all piping and conduits, to a point one (1) foot below the pipe, where crossings, interferences, or connections are shown on the Drawings, prior to trenching or excavating for any pipe or structures, to determine actual elevations. New pipelines shall be laid to such grade as to clear all existing facilities, which are to remain in service for any period subsequent to the construction of the run of pipe involved.
7. The Contractor's attention is directed to the requirements of Government Code Section 4216.2 (a)(2) which provides: “When the excavation is proposed within 10 feet of a high priority subsurface installation, the operator of the high priority subsurface installation shall notify the excavator of the existence of the high priority subsurface installation prior to the legal excavation start date and time, as such date and time are authorized pursuant to paragraph (1) of subdivision (a) of 4216.2. The excavator and the operator or its representative shall conduct an onsite meeting at a mutually-agreed-on time to determine actions or activities required to verify the location of the high priority subsurface installation prior to start time.” The Contractor shall notify the Construction Manager in advance of this meeting.

**c. Utility Relocation and Repair**

1. If interferences occur at locations other than those indicated in the Contract Documents with reasonable accuracy, the Contractor shall notify the Construction Manager in writing. The Construction Manager will supply a method for correcting said interferences in accordance with the responsibilities of this section and Government Code Section 4215. To the extent any delay is caused thereby, Contractor shall submit a notice of delay within three (3) days of discovery of the circumstances giving rise to the delay in accordance with Article 43 Changes and Extra Work.
2. Care shall be exercised by the Contractor to prevent damage to adjacent existing facilities and public or private works; where equipment will pass over these obstructions, suitable planking shall be placed. If high priority subsurface installations are damaged and the operator cannot be contacted, the Contractor shall call 911 emergency services.
3. The Owner will compensate the Contractor for the costs of locating and repairing damage not due to the failure of the Contractor to exercise reasonable care, and for removing or relocating such main or trunk line utility facilities not indicated in the Contract Documents with reasonable accuracy, and for the cost of equipment on the Project necessarily idled during such work. The payment

**GENERAL CONDITIONS**

for such costs will be made as provided in Article 43, Changes and Extra Work. The Contractor shall not be assessed liquidated damages for delay in completion of the Project, when such delay is caused by the failure of the Owner or utility company to provide for removal or relocation of such utility facilities. Requests for extensions of time arising out of utility relocation or repair delays shall be filed in accordance with Article 38, Time For Completion and Liquidated Damages, and Article 43, Changes and Extra Work.

4. The public utility, where it is the owner of the affected utility, shall have the sole discretion to perform repairs or relocation work or permit the Contractor to do such repairs or relocation work at a reasonable price. The right is reserved to the Owner and the owners of utilities or their authorized agents to enter upon the Work area for the purpose of making such changes as are necessary for the rearrangement of their facilities or for making necessary connections or repairs to their properties. The Contractor shall cooperate with forces engaged in such work and shall conduct its operations in such a manner as to avoid any unnecessary delay or hindrance to the work being performed by such forces and shall allow the respective utilities time to relocate their facility.
5. When the Contract Documents indicate that a utility is to be relocated, altered or constructed by others, the Owner will conduct all negotiations with the utility company and the work will be done at no cost to the Contractor, unless otherwise stipulated in the Agreement.
6. Temporary or permanent relocation or alteration of utilities desired by the Contractor for its own convenience shall be the Contractor's responsibility and it shall make arrangements and bear all costs for such work.

## **ARTICLE 6. SCHEDULE**

- a. **Initial Schedule.** Within ten (10) days after the Notice of Award, Contractor shall prepare a Work schedule using computerized Critical Path Method (CPM) scheduling and shall submit it for PVRPD's review. The receipt or review of any schedules by PVRPD shall not in any way relieve the Contractor of its obligations under the Contract Documents, nor shall it modify the Contract Time. **Work to first commence at Triunfo Community Park and work to follow at the two (2) remaining sites. No site work can commence until equipment order has been shipped.** The Contractor is fully responsible to determine and provide for any and all staffing and resources at levels which allow for the required quality and timely completion of the Work. Contractor's failure to incorporate all elements of Work or any inaccuracy in the schedule shall not excuse the Contractor from performing all of the required Work within the Contract Time. If the initial schedule is not received by the time the first payment under the Contract is due, Contractor shall not be paid until the schedule is received, reviewed and accepted by PVRPD.
- b. **Schedule Contents.** The schedule shall allow enough time for inclement weather. The schedule shall indicate the beginning and completion dates of all phases of

## **GENERAL CONDITIONS**

construction; critical path for all critical, sequential time related activities; and “float time” for all “slack” or “gaps” in the non-critical activities. The schedule shall clearly identify all staffing and other resources which in the Contractor’s judgment are needed to complete the Work within the Contract Time. Schedules indicating early or late completion shall not modify or have any effect on the Contract Time, regardless of whether the schedules are reviewed and/or accepted by PVRPD. For purposes of determining Liquidated Damages, the Contract Time shall control and may only be altered by a duly authorized change order.

- c. **Schedule Updates.** Contractor shall continuously update its construction schedule. Contractor shall submit an updated and accurate construction schedule to PVRPD whenever requested to do so by PVRPD. PVRPD may withhold progress payments or other amounts due under the Contract Documents if Contractor fails to submit an updated and accurate construction schedule. Upon PVRPD’s request, Contractor shall submit any schedules or updates to PVRPD in the native electronic format of the software used to create the schedule.
- d. **Schedule of Operations.** Contractor’s work operations to be coordinated with PVRPD staff and activities at the project site.

## **ARTICLE 7. SUBSTITUTIONS**

- a. Pursuant to Public Contract Code Section 3400(b) PVRPD may make a finding that is described in the Notice Inviting Bids that designates certain products, things, or services by specific brand or trade name.
- b. Unless specifically designated in the Contract Documents, whenever any material, process, or article is indicated or specified by grade, patent, or proprietary name or by name of manufacturer, such Specifications shall be deemed to be used for the purpose of facilitating the description of the material, process or article desired and shall be deemed to be followed by the words “or equal.” Contractor may, unless otherwise stated, offer for substitution any material, process or article which is substantially equal or better in every respect to what is specified in the Contract Documents.
- c. Contractor shall submit written requests for substitution or any “equal” material, process or article, together with substantiating data, no later than thirty-five (35) days after award of the Contract. To facilitate the construction schedule and sequencing, some requests may need to be submitted before thirty-five (35) days after award of Contract. Provisions regarding submission of substitution requests shall not in any way authorize an extension of the Contract Time. If a proposed “equal” substitution is rejected, Contractor shall be responsible for providing the specified material, process or article without adjustment to the Contract Price or Contract Time. PVRPD has the complete and sole discretion to determine if a material, process or article is an “equal” material, process or article that may be substituted.
- d. Information required to substantiate requests for substitutions of an “equal” material, process or article data shall include a signed affidavit from the Contractor stating

## **GENERAL CONDITIONS**

that, and describing how, the proposed “equal” material, process or article is equivalent to that specified in every way except as listed on the affidavit. Substantiating data shall include any and all illustrations, specifications, and other relevant material, including but not limited to, catalog information which describes the requested substitute “equal” material, process or article, and substantiates that it is an “equal” to the specified material, process or article. The substantiating data must also include information regarding the durability and lifecycle cost of the proposed substituted “equal” material, process or article. Failure to submit all the required substantiating data, including the signed affidavit, to PVRPD in a timely fashion will result in the rejection of the proposed substitution.

- e. The Contractor shall bear all of PVRPD’s costs associated with the review of substitution requests, including review by design professionals.
- f. The Contractor shall be responsible for paying all costs related to a substituted “equal” material, process or article.
- g. Contractor is directed to the Special Conditions (if any) to review any findings made pursuant to Public Contract Code section 3400.

#### **ARTICLE 8. SHOP DRAWINGS**

- a. Contractor shall check and verify all field measurements and shall submit with such promptness as to provide adequate time for review and cause no delay in his own Work or in that of any other contractor, subcontractor, or worker on the Work, two (2) copies of all shop or setting drawings, calculations, schedules, and materials list, and all other provisions required by the Contract. Contractor shall sign all submittals affirming that submittals have been reviewed and approved by Contractor prior to submission to PVRPD. Each signed submittal shall affirm that the submittal meets all the requirements of the Contract Documents except as specifically and clearly noted and listed on the cover sheet of the submittal.
- b. Contractor shall promptly address any PVRPD comments and resubmit. PVRPD’s review of shop drawings shall not relieve Contractor from responsibility for deviations from the Contract Documents unless Contractor has, in writing, called PVRPD’s attention to such deviations at time of submission and has secured PVRPD’s written approval. PVRPD’s review of shop drawings shall not relieve Contractor from responsibility for errors in shop drawings.

#### **ARTICLE 9. SUBMITTALS**

- a. Contractor shall furnish to PVRPD for approval, prior to purchasing or commencing any Work, a log of all samples, material lists and certifications, mix designs, schedules, and other submittals, as required in the Specifications. The log shall indicate whether samples will be provided in accordance with other provisions of this Contract.

### **GENERAL CONDITIONS**

- b. Contractor will provide samples and submittals, together with catalogs and supporting data required by PVRPD, to PVRPD within a reasonable time period to provide for adequate review and avoid delays in the Work.
- c. The requirements in Articles 8 and 9 shall not justify any extension of the Contract Time. PVRPD will review such samples, but only for conformance with design concept of work and for compliance with information given in the Contract Documents. Work shall be in accordance with approved samples and submittals.

**ARTICLE 10. MATERIALS**

- a. Except as otherwise specifically stated in the Contract Documents, Contractor shall provide and pay for all materials, labor, tools, equipment, water, lights, power, transportation, superintendence, temporary constructions of every nature, and all other services and facilities whatsoever necessary to execute and complete this Contract within the Contract Time.
- b. Unless otherwise specified, all materials shall be new and the best of their respective kinds and grades as noted and/or specified, and workmanship shall be of good quality.
- c. Materials shall be furnished in ample quantities and at such times as to ensure uninterrupted progress of the Work and shall be stored properly and protected as required by the Contract Documents. Contractor shall be entirely responsible for damage or loss by weather or other causes to materials or Work until PVRPD has accepted the Work.
- d. No materials, supplies, or equipment for Work under this Contract shall be purchased subject to any chattel mortgage or under a conditional sale or other agreement by which an interest therein or in any part thereof is retained by the seller or supplier. Contractor warrants good title to all material, supplies, and equipment installed or incorporated in the work and agrees upon completion to deliver the Work to PVRPD free from any claims, liens, or encumbrances.
- e. Materials stored on the Site shall be stored in such manner so as not to interfere with any operations of PVRPD or any independent contractor.

**ARTICLE 11. CONTRACTOR'S SUPERVISION**

Contractor shall continuously keep at the Site, a competent and experienced full-time superintendent acceptable to PVRPD. Superintendent must be able to proficiently speak, read and write in English. Contractor shall continuously provide efficient supervision of the Work.

**ARTICLE 12. WORKERS**

- a. Contractor shall at all times enforce strict discipline and good order among its employees and subcontractors. Contractor shall not employ or allow subcontractors

**GENERAL CONDITIONS**

to employ on the Work any unfit person or any one not skilled in the Work assigned to him or her.

- b. Any person in the employ of the Contractor or a subcontractor whom PVRPD may deem incompetent or unfit shall be dismissed from the Work and shall not be employed on the Work except with the written approval of PVRPD.

#### **ARTICLE 13. SUBCONTRACTORS**

- a. Contractor agrees to bind every subcontractor to the terms of the Contract Documents as far as such terms are applicable to subcontractor's portion of the Work. Contractor shall be as fully responsible to PVRPD for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by its subcontractors, as Contractor is for acts and omissions of persons directly employed by Contractor. Nothing contained in these Contract Documents shall create any contractual relationship between any subcontractor and PVRPD.
- b. Contractor must comply with the requirements of the Subletting and Subcontracting Fair Practices Act, Public Contract Code section 4100 et seq., before replacing a subcontractor listed in the bid or performing work with its own forces for which a subcontractor was listed.

#### **ARTICLE 14. PERMITS, LICENSES AND FEES**

All permits, licenses and fees required by the agencies with authority in the jurisdiction in which the work will be located shall be paid for by PVRPD, unless otherwise expressly provided by the Contract Documents. Contractor shall be responsible for arranging the payment of such permits, licenses and fees, but shall be paid by PVRPD. Contractor may either request reimbursement from PVRPD for such fees, or shall be responsible for arranging and coordination with PVRPD for the payment of such fees.

Permits and licenses necessary for prosecution of the Work shall be secured and paid for by PVRPD, unless otherwise specified in the Contract Documents.

Before acceptance of the Work, the Contractor shall submit all licenses, permits, certificates of inspection and required approvals to PVRPD.

#### **ARTICLE 15. UTILITY USAGE**

- a. All temporary utilities, including but not limited to electricity, water, gas, and telephone, used on the Work shall be furnished and paid for by Contractor. Contractor shall provide necessary temporary distribution systems, including meters, if necessary, from distribution points to points on the Work where the utility is needed. Upon completion of the Work, Contractor shall remove all temporary distribution systems.

### **GENERAL CONDITIONS**

- b. Contractor shall provide necessary and adequate utilities and pay all costs for water, electricity, gas, oil, and sewer charges required for completion of the Work, including but not limited to startup and testing required in the Contract Documents.
- c. All permanent meters installed shall be listed in the Contractor's name until the Work is accepted.
- d. If Work is to be performed in existing PVRPD facilities, Contractor may, with prior written approval of PVRPD, use PVRPD's existing utilities. If Contractor uses PVRPD utilities, it shall compensate PVRPD for utilities used.

#### **ARTICLE 16. INSPECTION FEES FOR PERMANENT UTILITIES**

All inspection fees and other municipal charges for permanent utilities including, but not limited to, sewer, electrical, phone, gas, water, and irrigation shall be paid for by PVRPD. Contractor shall be responsible for arranging the payment of such fees, but inspection fees and other municipal fees relating to permanent utilities shall be paid by PVRPD. Contractor may either request reimbursement from PVRPD for such fees, or shall be responsible for arranging and coordination with PVRPD for the payment of such fees.

#### **ARTICLE 17. TRENCHES**

##### **a. Trenches Five Feet or More in Depth.**

1. The Contractor shall submit to PVRPD, in advance of excavation, a detailed plan showing the design of shoring, bracing, sloping or other provisions to be made for worker protection from the hazard of caving ground during the excavation of any trench or trenches five feet or more in depth. If the plan varies from shoring system standards forth in the Construction Safety Orders of the Division of Industrial Safety in Title 8, Subchapter 4, Article 6, California Code of Regulations, the plan shall be prepared by a registered civil or structural engineer. The plan shall not be less effective than the shoring, bracing, sloping, or other provisions of the Construction Safety Orders, as defined in the California Code of Regulations, and all costs therefor shall be included in the Contract Price. Nothing in this section shall be deemed to allow the use of a shoring, bracing, sloping, or other protective system less effective than that required by the Construction Safety Orders.
